

Our vast and diverse grounds present a unique opportunity to explore play!
These photos are just a small snapshot of what we have available at Coldfall.

We have a very large field...

...with a boat!

Children love to build using our 'loose parts'

We have lots of tyres, pallets and more for them to get creative with!

We also have a very well stocked mud kitchen...

...currently covered in beautiful Autumn leaves

We also have slack lines (pictured above), chinks, dancing, dressing up, small world toys, a MUGA, Basketball, table tennis and more! If you have ideas of how we can expand our play offer even further please apply.
